## Independent Auditors' Report

---

Board of Directors  
Metropolitan Zoological Park and Museum District

### Report on the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the business-type activities of Metropolitan Zoological Park and Museum District (the District) as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the basic financial statements of the District's primary government, as listed in the table of contents.

#### Unmodified Opinions on the Business-Type Activities

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities for the primary government of Metropolitan Zoological Park and Museum District, as of December 31, 2021 and 2020, and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Adverse Opinion on the Reporting Entity

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on the Reporting Entity paragraph, the primary government financial statements do not purport to, and do not, present fairly the financial position of the reporting entity of Metropolitan Zoological Park and Museum District, as of December 31, 2021 and 2020, and the changes in its financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financials Statements section of our report. We are required to be independent of Metropolitan Zoological Park and Museum District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Basis for Adverse Opinion on the Reporting Entity

The financial statements referred to above include only the primary government of the District, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the District's legal entity. The financial statements do not include financial data for the District's legally separate component units. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the District's primary government unless the District also issues financial statements for the financial reporting entity that include the financial data for its component units. The District has not issued such reporting entity financial statements. Because of this departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net assets, revenues, and expenses of the aggregate discretely presented component units would have been reported as \$1,490,297,056, \$80,195,228, \$1,410,101,828, \$423,324,763, \$246,166,898 for 2021 and \$1,331,150,250, \$98,206,287, \$1,232,943,963, \$286,451,403, \$225,766,716 for 2020, respectively.

## **Responsibilities of Management for the Financial Statements**

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

## **Auditors' Responsibilities for Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2022 on our consideration of the Metropolitan Zoological Park and Museum District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Metropolitan Zoological Park and Museum District's internal control over financial reporting and compliance.

**Metropolitan Zoological Park and Museum District  
MANAGEMENT’S DISCUSSION AND ANALYSIS – UNAUDITED**

The management’s discussion and analysis of the Metropolitan Zoological Park and Museum District’s financial performance provides an overview of the District’s financial activities for the years ended December 31, 2021 and 2020. The management’s discussion and analysis should not be taken as a replacement for the financial statements but should be read in conjunction with them to enhance understanding of the District’s financial performance.

*Financial Highlights*

- The District’s net tax revenues decreased from \$85.7 million in 2019 to \$85.1 million in 2020 and increased to \$85.9 million in 2021. The District’s 2019 net tax revenues exceeded those recognized in 2020 by almost 0.68%; the 2021 net tax revenues were approximately 0.96% more than those recognized in the preceding year.
- The District Board of Directors’ 2019, 2020, and 2021 tax resolutions allowed the organization to retain the statutory percentage (5%) from current and future collections of the property tax receipts that result from these levies. The amounts withheld were available for the District’s administration.
- The 2021 and 2020 District administrative expenses represented approximately 0.66% and 0.85%, respectively, of the years’ net tax revenue. During 2021 and 2020, the ZMD Board authorized the distribution of the organization’s unused 2020 and 2019 administrative revenue to the Subdistricts. The unused administrative fees totaled \$3,567,648 and \$3,614,261 in 2020 and 2019, respectively, and were apportioned in the following manner:

Subdistrict	Amount of Distribution	
	2020	2019
Zoological Park Subdistrict	\$ 1,018,008	\$ 1,030,909
Art Museum Subdistrict	1,018,008	1,030,909
Science Center Subdistrict	510,544	517,481
Botanical Garden Subdistrict	510,544	517,481
History Museum Subdistrict	510,544	517,481
<b>Total Distribution</b>	<b>\$ 3,567,648</b>	<b>\$ 3,614,261</b>

- The following table displays the 2021 and 2020 property tax rates levied by the District for the benefit of the Subdistricts. The table also lists each Subdistrict’s maximum authorized rate.

Subdistrict	2021 per \$100 of assessed valuation	2020 per \$100 of assessed valuation	Maximum Authorized Levy
Zoological Park Subdistrict	7.01 cents	7.23 cents	8 cents
Art Museum Subdistrict	7.01 cents	7.23 cents	8 cents
Science Center Subdistrict	3.51 cents	3.62 cents	4 cents
Botanical Garden Subdistrict	3.51 cents	3.62 cents	4 cents
History Museum Subdistrict	3.51 cents	3.62 cents	4 cents

**Metropolitan Zoological Park and Museum District**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS – UNAUDITED**

---

- The District’s support of the Subdistricts continues to provide a significant portion of each cultural institution’s operating budget. The economic significance of the distributions varies among the Subdistricts.

*Required Financial Statements*

The proprietary fund financial statements presented by the District’s management include Statements of Net Position; Statements of Revenues, Expenses, and Changes in Net Position; and Statements of Cash Flows. The Statements of Net Position summarize the financial position of the District at December 31. These statements are a snapshot of the District’s current assets, capital assets, and current liabilities. The statements also show any restriction on the District’s net position. The Statements of Revenues, Expenses, and Changes in Net Position summarize the calendar year revenues and expenses. The Statements of Cash Flows account for the net change in cash and cash equivalents resulting from operating activities, capital and related financing activities, and investing activities. These statements assist the reader in determining the sources of cash coming into the District, identifying the items for which cash was expended, and reconciling the beginning and ending cash balances.

These statements are prepared using the accrual basis of accounting. This accounting method recognizes revenue at the time it is earned rather than when collected; it recognizes an expense when the related liability is recognized or when economic assets are consumed rather than when paid.

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Current assets	\$ 84,274,100	\$ 72,522,474	\$ 84,070,155
Capital assets	2,898	8,572	11,559
Total assets	<u>\$ 84,276,998</u>	<u>\$ 72,531,046</u>	<u>\$ 84,081,714</u>
Current liabilities	\$ 78,042,101	\$ 66,467,792	\$ 77,956,442
Net position			
Net investment in capital assets	2,898	8,572	11,559
Unrestricted	6,231,999	6,054,682	6,113,713
Total net position	<u>6,234,897</u>	<u>6,063,254</u>	<u>6,125,272</u>
Total liabilities and net position	<u>\$ 84,276,998</u>	<u>\$ 72,531,046</u>	<u>\$ 84,081,714</u>

The District’s current assets include cash and taxes receivable from St. Louis City and County residents. The District’s current liabilities consist of amounts due to suppliers, vendors, and the five Subdistricts. Liabilities for Subdistrict funds held on deposit with the District and future collections payable to the Subdistricts are the major components of the District’s liabilities. Accounts payable and accrued expenses, resulting from administrative operations, represent a small proportion of the District’s liabilities at December 31, 2019, 2020, and 2021.

**Metropolitan Zoological Park and Museum District**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS – UNAUDITED**

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Operating revenues	\$ 85,935,622	\$ 85,117,335	\$ 85,697,673
Operating expenses	85,856,951	85,381,907	85,951,885
Operating income (loss)	78,671	(264,572)	(254,212)
Nonoperating revenue	92,972	202,554	537,607
CHANGE IN NET POSITION	171,643	(62,018)	283,395
Net position at beginning of year	6,063,254	6,125,272	5,841,877
Net position at end of year	<u>\$ 6,234,897</u>	<u>\$ 6,063,254</u>	<u>\$ 6,125,272</u>

The District’s 2021 net operating revenue was \$818,000 or 0.96% more than that of 2020. The major components of the revenue increase included: (1.) The 2021 Real Estate and Personal Property Tax totaled nearly \$1,330,000 more than the similarly classified revenue earned in 2020; (2.) Revenue categorized as 2021 Excess Property Tax, M&M Tax, and Surtax totaled approximately \$222,000 more than the amounts recognized in the previous year; (3.) The 2021 current year Miscellaneous, M&M Tax and Surtax revenue declined from the categories’ 2020 revenue by about \$210,000; (4.) 2021 Financial Institution Tax receipts and interest totaled nearly \$354,000 less than the similarly classified revenue earned in 2020; and (5.) The 2021 provision for uncollectible taxes exceeded the previous year’s expense by almost \$170,000.

The District’s 2020 net operating revenue was almost \$580,000 or 0.68% less than that of the prior year. The major components of the revenue decline included: (1.) The 2020 Financial Institution Tax receipts and interest totaled nearly \$231,000 less than the similarly classified revenue earned in 2019; (2.) Revenue categorized as 2020 Excess Property Tax, M&M Tax, and Surtax totaled approximately \$334,000 less than the amounts recognized in the previous year; (3.) The 2020 current year Property Tax, M&M Tax, and Surtax revenue surpassed the categories’ 2019 revenue by \$177,000; and (4.) The 2020 provision for uncollectible taxes exceeded the previous year’s expense by almost \$190,000.

The District retains a percentage of its total revenue for administrative expenses. It has been the District’s policy to distribute all retained amounts not used for administrative expenses to the Subdistricts during a subsequent year. Due to the timing difference between the recognition of revenue and the subsequent distribution of retained amounts not used for administrative purposes, the District generally realizes a small amount of operating income or loss each calendar year. The District’s net position increased by \$171,643 in 2021, decreased by \$62,018 in 2020, and increased by \$283,395 in 2019.

## **Metropolitan Zoological Park and Museum District**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **NOTE A | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Metropolitan Zoological Park and Museum District (the District) was established by Missouri Statute on January 1, 1972. At its inception, the District included three Subdistricts: the Zoological Park Subdistrict, the Art Museum Subdistrict, and the Science Center (Museum of Science & Natural History) Subdistrict. The voters of St. Louis City and County allowed the Botanical Garden to become the group's fourth Subdistrict in 1983; the Missouri History Museum entered the District in 1988.

The statute provides that all tax monies, including real and personal property tax, financial institution tax, merchants' and manufacturers' licenses, commercial real estate surtax, and railroad and utility taxes, received for a Subdistrict shall be segregated from all other funds. The Subdistricts' officers may draw upon these funds when properly authorized vouchers are submitted.

The statute further provides that the District may retain five percent of total tax revenue for administrative expenses. Prior to 2008, the District Board limited the organization's administrative retention percentage to two percent of the collections from each year's tax levy. The 2008 through 2021 tax resolutions allowed the District to retain the statutory percentage, five percent, from its current and future collections of 2008 through 2021 property taxes. It has been the District's policy to distribute all retained amounts not used for administrative expenses in a subsequent year.

The Board consists of eight members, each appointed for a four-year term. The Mayor of the City of St. Louis appoints four Board members, and the St. Louis County Executive also appoints four Board members.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies, established in GAAP and used by the District, are discussed below.

#### *Reporting Entity*

The financial statements include only the primary government of Metropolitan Zoological Park and Museum District, which consists of all funds that comprise the District's legal entity. The financial statements do not include financial data for the District's legally separate component units.

As defined by generally accepted accounting principles, component units are legally separate entities that should be included in the District's reporting entity because of the significance of their operating or financial relationships with the District. Although legally separate, each Subdistrict is a component unit due to its fiscal dependence and financial burden on the District.

Section 184.380, RSMo requires the District to submit an annual report to the Mayor of the City of St. Louis and St. Louis County Executive by the second Monday in April. The financial information for each of the District's component units is not made available in time to meet the District's statutory reporting deadline, and therefore, the District has elected to exclude all component units from these financial statements.

**Metropolitan Zoological Park and Museum District**  
**NOTES TO FINANCIAL STATEMENTS**

---

Complete financial statements for each of the District’s component units (Subdistricts) can be obtained by contacting each entity’s administrator at the following addresses:

the Missouri Botanical Garden  
c/o P.O. Box 299  
St. Louis, MO 63166  
mobot.org

*Basis of Presentation*

All activities of the District are considered business-type activities and are reported in the following proprietary fund:

*Enterprise Fund*

The District uses an Enterprise Fund to account for its activities including the collection of tax monies received from the City of St. Louis (City) and St. Louis County (County), the payment of expenses for operating the District, and the maintenance of assets held by the District for the benefit of the Subdistricts.

*Measurement Focus and Basis of Accounting*

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

The financial statements are prepared using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of changes in net position, financial position, and cash flows. All assets and liabilities, whether current or noncurrent, are reported.

The financial statements are prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred or economic assets are consumed.

*Cash and Cash Equivalents*

The District considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

## **Metropolitan Zoological Park and Museum District**

### **NOTES TO FINANCIAL STATEMENTS**

---

The statute authorizing the establishment of the District mandates that all tax monies collected for a Subdistrict shall be segregated from all other funds. The District has recognized these tax monies along with the interest earned on such amounts as restricted cash and cash equivalents.

#### *Property Taxes*

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied annually on or about November 1 and are payable by December 31. All unpaid taxes become delinquent on January 1 of the following year. Taxes are collected by the City and County and remitted to the District. Tax receipts are forwarded to the District at least once each month.

Because some taxes ultimately may not be collected, an allowance for uncollectible taxes is recorded. Increases in the allowance are recorded by a provision for uncollectible taxes. Estimating the amount of uncollectible taxes is subjective. Accordingly, the allowance is maintained by the District at a level considered adequate to cover uncollectible taxes currently anticipated, based on past experience and other general and economic factors.

#### *Capital Assets and Depreciation*

The District's capital assets include leasehold improvements, furniture, and equipment. Capital assets are recorded at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. The estimated useful lives range from two to ten years.

#### *Equity Classifications*

Equity is classified as net position and displayed in three components. Net investment in capital assets consist of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes or other borrowings that are attributable to the acquisition, construction, or improvement of those capital assets. Net position is reported as restricted when there are constraints imposed on their use through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments. Net position that does not meet the definition of restricted or net investment in capital assets are reported as unrestricted. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

#### *Taxes Payable to Subdistricts*

The District provides resources to the Subdistricts under a continuing appropriation. Accordingly, the District recognizes a liability to the Subdistricts for their allocable share of tax revenues levied by the District. The amount due to Subdistricts represents the funds collected and held by the District in an account on behalf of the Subdistricts and the estimated support from current and prior year tax assessments which were not collected by year-end.

#### *Operating Revenues and Expenses*

The District distinguishes between operating and nonoperating revenues and expenses. Property tax revenues and Subdistrict support constitute the District's principal ongoing operations and therefore are reported as operating. Operating expenses also include the District's administrative expenses. All other revenues and expenses are reported as nonoperating.

**Metropolitan Zoological Park and Museum District**  
**NOTES TO FINANCIAL STATEMENTS**

---

*Use of Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE B | CASH**

Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021 and 2020 all deposits were covered by federal depository insurance or by collateral held by the District's agent in the District's name.

**NOTE C | CAPITAL ASSETS**

Capital asset activity for the year ended December 31, 2021, was as follows:

	Balance at January 1, 2021	Additions	Disposals	Balance at December 31, 2021
	<u>2021</u>	<u>          </u>	<u>          </u>	<u>2021</u>

	<u>(173,918)</u>	<u>(8,324)</u>	<u>-</u>	<u>(182,242)</u>
Total accumulated depreciation	(173,918)	(8,324)	-	(182,242)
Capital assets, net	<u>\$ 11,559</u>	<u>\$ (2,987)</u>	<u>\$ -</u>	<u>\$ 8,572</u>

**NOTE D | LEASE COMMITMENTS**

The District leases its office facilities under an operating lease which expires on July 31, 2024.

The District's future minimum lease payments are as follows:

2022	\$ 58,438
2023	59,390
2024	<u>34,968</u>
	<u>\$ 152,796</u>

Total occupancy expense for the years ended December 31, 2021 and 2020 was \$67,613 and \$64,303, respectively.

**NOTE E | RETIREMENT PLANS**

All District employees may participate in a 457(b) Deferred Compensation Plan. Only the employees contribute to the plan and the contributions are made through payroll deductions.

Prior to January 1, 2013, all full-time employees participated in a single employer defined benefit pension plan administered by the St. Louis Science Center Subdistrict (the Subdistrict) of the Metropolitan Zoological Park and Museum District. The plan provided retirement, disability, and death benefits to plan members and beneficiaries. The contribution requirements of plan members are established by the Subdistrict and may be amended by the Subdistrict. This plan was curtailed on December 31, 2012. An actuarial valuation of the plan was performed as of January 1, 2021. As of that date, the plan had a net pension liability of approximately \$1,327,652. The District believes its proportionate share of the plan's net pension liability would not be material in relation to the District's financial position and changes in financial position.

**Metropolitan Zoological Park and Museum District**  
**NOTES TO FINANCIAL STATEMENTS**

---

Beginning on January 1, 2013, all District employees are eligible to participate in the District's Profit Sharing Plan and Money Purchase Pension Plan administered by the District. The plan requires contributions by the District equaling seven percent of each qualifying participant's compensation for each plan year.

The District's required contributions for the years ended December 31, 2021 and 2020 were \$31,056 and \$29,890, respectively.

**NOTE F | PROTESTED TAXES**

Each year the City and County remit certain unresolved protested tax payments to the District. When the City or County refunds tax payments to those who are successful in their protests, it withholds the refunded amount from future distributions to taxing districts. The District believes that any future withholdings by the City or the County will not be material in relation to the District's financial position and changes in financial position.

**NOTE G | RISK MANAGEMENT**

The District carries commercial insurance to mitigate any potential risks of loss related to torts; theft of, damage to, and destruction of assets; officers' liability; and injuries to employees and natural disasters. There have been no reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

**NOTE H | TAX ABATEMENTS**

Property taxes are levied by the District's Board of Directors for the benefit of each Subdistrict. St. Louis City and County have entered into property tax abatement agreements with local businesses to encourage economic development. The property taxes abated by the County reduced District revenues for the year ended December 31, 2021 by \$1,045,281. Information related to the city tax abatements for the year ended December 31, 2021 was not available. The property taxes abated by the City and County reduced District revenues for the year ended December 31, 2020 by \$1,837,320 and \$981,216, respectively.

**Independent Auditors' Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance With Government Auditing Standards**

---

Board of Directors  
Metropolitan Zoological Park and Museum District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Metropolitan Zoological Park and Museum District (the District) as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, and have issued our report thereon dated March 28, 2022. Our report on the financial statements disclosed that the financial statements include only the financial activities of the primary government and that the financial activities of the District's legally separate component units that form the reporting entity are not included.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
